WHAT IS NOT COVERED BY THIS WARRANTY

Damage caused by fire, flooding, exposure to standing water or intentional abuse.

- Damage caused by moisture to surrounding structure, walls, subfloor, fixtures, furniture, underlayment, moldings, trims, subfloor heating elements, or anything that is not the structural integrity or dimensional stability of the floor plank or tile.
- Damage resulting from mold and mildew growth due to prolonged exposure to moisture. While moisture will not affect the structure of the plank or tile, when excessive moisture accumulates (and in particular remains undiscovered or unaddressed) mold and/or mildew growth can occur.
- Flooring that is installed outdoors.
- Damage caused by vacuum cleaner beater bar, rolling caster wheels, and cutting from sharp objects. — When vacuuming, we recommend using the wand attachment on your vacuum.
- Indentation or damage from improper loading including spiked shoes, rolling loads exceeding 1200 psi, chairs or other furniture not using floor protectors
- Damage caused by abuse such as moving appliances across the floor without adequate protection. When moving appliances or heavy furniture, lay a plywood panel on your floor and "walk" the item across it. This protects your floor from scuffing and tears.
- Loss of gloss/scratching. — If dulling occurs over time, depending on the amount of traffic, care and maintenance the floor receives, restore the floor's shine, using Armstrong Satin Keeper[®] Resilient Low Gloss Floor Finish or similar products. Minor color, shade or texture variations between samples or printed color photography and the actual material
- Floors that are graded "irregular" or sold "as is" without warranty.
- Floors that are installed in structures other than owner occupied or tenant-occupied residences. (Except products that are noted as warranted commercial or limited commercial.)
- Discoloration from moisture or underlayment panels after having been repaired or replaced one time.
- Construction or installation-related damage - including installation defects due to installations not using the recommended products.
- Failure of the floor to adhere to the subfloor due to, for example, moisture, alkaline or hydrostatic pressure from the subfloor
- Inappropriate end-user activities.

DURATO INTERNATIONAL EXCLUDES ANY LIABILITY FOR LOST PROFITS AND WILL NOT PAY ANY OTHER INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES UNDER THIS WARRANTY. BY THIS WE MEAN ANY LOSS, EXPENSE, OR DAMAGE OTHER THAN TO THE FLOORING ITSELF THAT MAY RESULT FROM A DEFECT IN THE FLOORING. NO IMPLIED WARRANTIES EXTEND BEYOND THE TERMS OF THIS WRITTEN WARRANTY. THE REMEDIES CONTAINED HEREIN ARE THE ONLY REMEDIES AVAILABLE FOR BREACH OF THIS WARRANTY.

Also note: This warranty gives you specific legal rights, and you may also have other rights which vary from jurisdiction to jurisdiction.

WARRANTY OWNER

This warranty extends only to the original end-user and applies to floors purchased after January 1, 2018.

We recommend using floor protectors. As a general rule of thumb, the heavier the item, the wider the floor protectors should be.

CARE INSTRUCTIONS

To keep the lasting shine and fresh feel of your investment for as long as possible, we recommend that you:

DO

- Wipe up spills as soon as possible. Never use highly abrasive scrubbing tools on any resilient floor.
- Wash occasionally with floor cleaner.
- Use Armstrong SatinKeeper® to return your floor's shine if it begins to dull over time.

DON'T

- Use detergents, abrasive cleaners or "mop and shine" products — they may leave a dull film on your floor.
- Use paste wax or solvent-based polishes.
- Use rolling casters as they can damage the floor.
- Use a beater bar when vacuuming because it can visibly damage the floor surface.
- Use highly abrasive scrubbing tools.

PROACTIVE PROTECTION FOR YOUR FLOOR

- When moving appliances or heavy furniture, lay a plywood panel on your floor and "walk" the item across it. This protects your floor from scuffing and tears.
- Use floor protectors on furniture to reduce indentation. As a general rule, the heavier the item, the wider the floor protector needed.
- Place a walk-off mat at outside entrances to reduce the amount of dirt brought into your home. We do not recommend the use of rubber or latex-backed mats (except where noted) because the chemical (antioxidant) they often contain permanently stain your floor. We suggest a non-staining vinyl-backed mat or a woven rug that is colorfast.
